PHIHONG | GaN PD3.1 Universal Smart Charger

Why It Stands Out

One Charger. Any Battery. No extra DC/DC converter.

- **Smart Power Delivery**
No extra DC/DC converters needed.
- **PD 3.1 Max Output: 240W**
Powers high-demand devices up to 58.8V
- **Compact, High-Efficiency GaN Design**
Lightweight, low-heat, and perfect for modern mobile deployments.
- **Fits All USB-C Devices**
One device to power laptops, mobility gear, and 3C gadgets – simple, reliable, no hassle.
